SAFETY DATA SHEET

Imperial Leather Soap Bar Original

This Safety Data Sheet contains information concerning the potential risks to those involved in handling, transporting and working with the material, as well as describing potential risks to the consumer and the environment. This information should be made available to those who may come into contact with the material or are responsible for the use of the material. This Safety Data Sheet is prepared in accordance with formatting described in the REACH Regulation (EC) No 1907/2006, and described in CLP Regulation (EC) No 1272/2008.

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Imperial Leather Soap Bar Original

1.2 Relevant identified uses of the substance or mixture and uses advised against Hand washing

1.3 Details of the supplier of the safety data sheet

PZ Cussons (UK) Ltd, Manchester Business Park, 3500 Aviator Way, Manchester, M22 5TG

Tel: +44 (0)161 435 1000 (Office Hours), +44 (0) 800 581001 (24 hour voicemail)

Email: pzweb.general@pzcussons.com

1.4 Emergency telephone number

Tel: +44 (0)161 435 1000 (Office Hours), +44 (0) 800 581001 (24 hour voicemail)

SECTION 2: Hazards Identification

2.1 Classification of the substance or mixture

This product is not considered to be hazardous based upon consideration of the components.

Classification in accordance with the Dangerous Preparations Directive 1999/45/EC Not classified as hazardous

Classification in accordance with the CLP Regulation (EC) No 1272/2008 Not classified as hazardous

2.2 Label elements

Labelling in accordance with the Dangerous Preparations Directive 1999/45/EC No label required.

Labelling in accordance with the CLP Regulation (EC) No 1272/2008 No label required.

2.3 Other hazards

There are no known long-term health effects resulting from exposure.

All components are biodegradable and not expected to present a hazard to the environment.

SECTION 3: Composition

3.1 Substances

Not applicable, product is a mixture.

3.2 Mixtures

A mixture of soaps, fragrance and colour.

There are no hazardous components above the concentration thresholds listed in Annex II of the REACH Regulation.

SECTION 4: First Aid Measures

4.1 Description of first aid measures

EYE CONTACT: Wash thoroughly with water for several minutes whilst holding the eyelids open. Seek medical attention if irritation persists.

INHALATION: Remove from exposure. If breathing becomes difficult call a doctor.

SKIN CONTACT: Wash off with plenty of water. Seek medical attention if irritation or discomfort occurs.

INGESTION: If swallowed, rinse mouth with water.

4.2 Most important symptoms and effects, both acute and delayed

EYE CONTACT: Redness, tears, stinging

INHALATION: Unlikely to occur

SKIN CONTACT: Slight redness, mild irritation, stinging. Prolonged contact or repeated exposure may cause

dryness and cracking of skin.

INGESTION: Mild irritation of the mouth and throat, nausea, vomiting.

4.3 Indication of any immediate medical attention and special treatments needed

Symptomatic treatment as required.

SECTION 5: Firefighting Measures

5.1 Extinguishing media

Not flammable. Not known to react with any extinguishing material. Use extinguisher appropriate to surrounding conditions.

5.2 Special hazards arising from the substance or mixture

Prevent entry into sewers and watercourses. If product enters sewers or water courses in significant quantities inform local water authorities..

5.3 Advice for fire fighters

Fire fighters should wear protective clothing and breathing apparatus as appropriate.

SECTION 6: Accidental Release Measures

6.1 Personal precautions, protective equipment and emergency procedures

In case of bulk spills, wear protective clothing including overall, gloves and eye protection to prevent skin and eye contact. Open doors and windows to ensure good ventilation. Spillage area may be very slippery.

6.2 Environmental precautions

Prevent entry into sewers and watercourses. If product enters sewers or wat

6.3 Methods and materials for containment and clearing up

Small spills (<1 kg) collect and place in a suitable container. Large spills (> 1 kg) collect and place in a suitable container.

Wash spill area thoroughly to remove residues.

6.4 References to other sections

See section 8 and 13 for further advice.

SECTION 7: Handling and Storage

7.1 Precautions for safe handling

Avoid contact with eyes and prolonged contact with skin.

7.2 Conditions for safe storage, including any incompatibilities

Store in its original labelled container in a cool, well ventilated area. Avoid low temperatures. Not to be stored next to foodstuffs and water supplies. Keep out of reach of children and animals.

7.3 Specific end uses(s)

No special precautions.

SECTION 8. Exposure Controls/Personal Protection

8.1 Control parameters

No specific control limits available.

8.2 Exposure controls

Normal chemical handling procedures should be observed. Do not eat, drink or smoke when handling this product. Wash thoroughly after handling, Ensure adequate ventilation.

Respiratory protection

Not usually required.

Hand Protection

If prolonged contact with product is likely wear suitable gloves recommended for use with soaps. Nitrile, neoprene and rubber may be suitable but glove manufacturer recommendations should always be checked. Change gloves in accordance with manufacturer recommendations. If gloves are damaged during use, remove immediately and wash hands before replacing with new gloves.

Eye protection

Safety glasses or goggles recommended if handling significant quantities of product.

Skin protection

Coveralls recommended. These should be changed after use or if contaminated. Wash before re-use.

SECTION 9: Physical and Chemical Properties

9.1 Information on basic physical and chemical properties

Appearance: Beige solid

Odour: Characteristic, pleasant odour

Odour threshold:

pH:

No data

Not applicable

Melting point:

No data

No data

No data

No data

Flashpoint:

Evaporation rate:

Flammability (solids, gas):

Upper/lower flammability limits: Not flammable

Vapour pressure:No dataVapour densityNo dataRelative density> 1.0

Solubility in water: Emulsifies in water

Solubility in other solvents: No data
Partition coefficient (log Kow) Not applicable
Autoignition temperature No data
Decomposition temperature Viscosity No data
Not applicable

Explosive properties Not considered to be explosive

Oxidising properties Not considered to be oxidising

9.2 Other information

None

SECTION 10: Stability and Reactivity

10.1 Reactivity

Not considered to be reactive.

10.2 Chemical stability

Stable under normal conditions.

10.3 Possibility of hazardous reactions

None expected.

10.4 Conditions to avoid

Avoid exposure to high and freezing temperatures.

10.5 Incompatible materials

Avoid contact with strong oxidisers.

10.6 Hazardous decomposition products

May release fumes of sulfur oxides and hydrogen chloride if heated to decomposition.

SECTION 11: Toxicological Information

11.1 Information on toxicological effects

This product has not been tested. Judgements on the expected toxicity of this product have been made based upon consideration of its major components.

(a) acute toxicity This product is not considered to be acutely toxic.

(b) skin corrosion/irritation May be mildly irritating to the skin on prolonged or repeated exposure, based on

consideration of its components.

(c) serious eye damage/irritation May be mildly irritating to the eye, based on consideration of its

components.

(d) respiratory/skin sensitisation Contains no respiratory or skin sensitisers above thresholds of

on co

(e) germ cell mutagenicity None of the components have been identified as germ cell mutagens.

(f) carcinogenicity(g) reproductive toxicityNone of the components have been identified as carcinogens.None of the components have been identified as reproductive toxins.

(h) STOT-single exposure None of the components have been identified as presenting a systemic target

organ hazard.

(i) STOT-repeated exposure None of the components have been identified as presenting a systemic target

organ hazard.

(j) aspiration hazard Not considered to present an aspiration hazard.

SECTION 12: Ecological Information

This product has not been tested. Judgements on the expected toxicity of this product have been made based upon consideration of its major components.

12.1 Toxicity

Not expected to be toxic in the environment.

12.2 Persistence and degradability

The organic components are expected to biodegrade in the environment.

12.3 Bioaccumulative potential

None of the components are considered to be bioaccumulative.

12.4 Mobility in soil

All components are water soluble and are expected to partition in the aqueous compartment.

12.5 Results of PBT and vPvB assessment

None of the components are known to be PBT or vPvB.

12.6 Other adverse effects

None known.

SECTION 13: Disposal Considerations

13.1 Waste treatment methods

Recover and recycle unused product if possible. If recovery and recycling are not possible incinerate or dispose of in accordance with local regulations. Do not mix with other waste materials.

SECTION 14: Transport Information

This product is not classified as dangerous for transport.

14.1	UN Number	Not applicable			
14.2	UN Proper shipping name	Not applicable			
14.3	Transport hazard class(es)	Not applicable			
14.4	Packing group	Not applicable			
14.5	Environmental hazards	Not applicable			
14.6	Special precautions for user	None			
14.7	Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code		Not	transported	in
bulk				•	

SECTION 15: Regulatory Information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture All components are listed as existing substances in Europe.

15.2 Chemical Safety Assessment

A Chemical Safety Assessment has not been carried out for this product.

SECTION 16: Other Information

Revision information:

This is a new SDS.

List of Abbreviations used in this SDS:

- CAS Chemical Abstracts Service
- CLP Classification, Labelling and Packaging Regulation (EC) no 1272/2008
- DSD Dangerous Substances Directive 67/548/EEC
- DPD Dangerous Preparations Directive 1999/45/EC
- EC European Community/Commission
- PBT Persistent, Bioaccumulative and Toxic

REACH Registration, Evaluation, Authorisation and Restriction of Chemicals Regulation (EC) no 1907/2006

vPvB very Persistent, very Bioaccumulative
